THE WORLD'S BEST BY EVERY TEST

Bradley's

Standard Fertilizers.

"Bradley Quality" means . . .

Best Materials, Thorough Manufacture,
Perfect Mechanical Condition, High-
est Agricultural Value.

Resulting from Thirty-Seven Years' Practical Experience
in Factory and Field.

THE BEST MATERIALS are those selected for their **crop-producing powers**, and not for mere chemical analysis or "commercial value." Such selection is only possible from the experience gained by exhaustive field tests with the various forms and combinations of plant-food constituents.

The THOROUGH MANUFACTURE of all our fertilizers, whatever the grade or brand, has been brought to the highest attainable point in all our works through the invention or adoption of the most perfect machinery and appliances that the ingenuity of man has devised, so that our factories are the best equipped in the world, and our facilities **absolutely unequaled** for the economical production of the highest class of fertilizers.

The MECHANICAL CONDITION of a fertilizer comprises the fineness or subdivision of its component parts, its dryness and friability, and the even distribution of each element of plant-food. Upon this important factor depends the ready and even distribution of the valuable plant-food elements of every fertilizer, and consequently very largely its **value to the farmer**.

The AGRICULTURAL VALUE of every fertilizer is dependent upon the degree of excellence attained in each of the above three cardinal points, and to the highest development of these factors is to be attributed the unparalleled success of BRADLEY'S FERTILIZERS, resulting in the production of **the highest crop-producing powers ever reached in any fertilizers**.

In buying BRADLEY BRANDS you secure "BRADLEY QUALITY," and consequently **the largest possible returns for your money**.

WARRANT

FOR

Annual Meeting.

STATE OF NEW HAMPSHIRE.

[L. s.] To the inhabitants of the town of Enfield, qualified to vote in town affairs :—

You are hereby notified to meet at the Town House in said town, on the second Tuesday of March next, at ten of the clock in the forenoon, to act upon the following subjects :—

1. To choose by ballot and major vote, Town Clerk, three Selectmen, Treasurer, Overseer of the Poor, one Library Trustee, for three years, and one or more, not exceeding three Highway Agents.

2. To choose all other necessary Town Officers and Agents as the Town may judge necessary to be chosen.

3. To see how much money the town will vote to raise to defray Town charges for the ensuing year.

4. To see how much money the Town will vote to raise for the support of Schools for the ensuing year.

5. To see how much money the Town will vote to raise for the support of Highways for the ensuing year, and direct how the same shall be paid and expended.

6. To see if the Town will take any action in regard to the delivery of Blank Inventories.

7. To see if the town will appropriate a sum not exceeding fifty dollars for the proper observance of Memorial day.

8. To see what action the town will take in regard to the collection of taxes.

9. To see how much money the town will vote to raise for maintaining street lighting by Electricity for the ensuing year, as the lights are now located.

10. To see if the town will vote to purchase a Snow Roller.

11. To hear the reports of Agents, Auditors and Committees heretofore chosen, and pass any vote relating thereto and transact any other business that may legally come before said meeting.

Given under our hands and seal this 19th day of February, 1898.

We, the undersigned Auditors for the town of Enfield school board, have examined the account of the Treasurer for the year ending Feb. 15, 1898, which we find to be correct and properly vouched and submit the above report.

FRANK T. CURRIER, }
 JOSEPH S. PILLSBURY, } Auditors.

REMARKS OF Board of Education of Town School District.

In presenting our annual report we are pleased to be able to say the schools during the past year have been very successful; the teachers and scholars (with the exception of a few who do not care to learn) having labored together in harmony. This is principally due to the fact that experienced teachers were employed, with one exception, throughout the district; no change of teachers was made in five schools during the year. The school books purchased by last year's Board were placed in general use last spring, and although expensive are giving good satisfaction, as well as the charts placed in each division last September.

It will be necessary to raise the same amount of school money this year as last, if we wish to live in the future surrounded by intelligent, law-abiding men and women, and it will also be necessary to raise money to enlarge or rebuild the school-house at Cambridgeville, as it is badly out of repair and we have been obliged to place 41 scholars (33 at one time) during the past year in a room containing less than 500 square feet of floor space. This expense would not have been necessary had District No. 1 accepted Mr. Ira Copeland's very generous proposition to give \$10,000 for a High School building under certain conditions.

We wish to thank the teachers, and also the scholars mentioned on the Roll of Honor page, for the school work

they have done and to call the attention of the remaining pupils in the district to the above mentioned list, hoping they will endeavor to have their names appear in the list next year as roll of honor scholars.

In conclusion we urge the parents to visit the school in their division at least, once each term as such visits encourage not only teachers but scholars, and thereby aid the children to better prepare for their work in life.

Respectfully submitted,

A. M. Bryant,	}	School
A. M. Bucklin,		
Val M. Clough,		
	}	Board.

Feb. 15, 1898.

Store-Keeping

is not all

Dollar getting.

Four years here have proven that;—though more dollars have come in the store than we anticipated—thanks to you.

There are other essentials than opening the doors to you, and asking you to come in.

The place first—must be located right, in the center of things of business, easy of access.

Well lighted,—by day or night.

Plenty of room, that shopping may be easily accomplished,

The goods must be there;—of good quality as you will buy—in reasonable variety to suit you—with moderate profit bringing prices.

Service must be willing and pleasant—and well directed.

The knowing what and how and when;—important, must be there.

Underneath all must be correct principles of business, absolute honesty—straight forwardness of purpose—and a real liking for the business.

If any success has come here it has been because store keeping on our part has had a large measure of these qualifications—and that you have responded to our desire to manifest them in your service.

SMITH & DOROTHY,

Enfield, N. H.

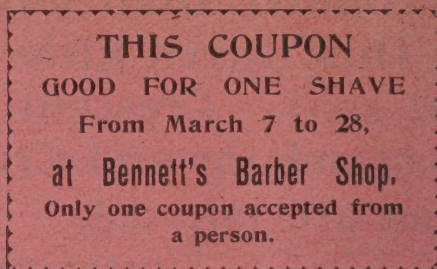

I wish to announce

That about March 1 I shall move into my new room in the Copeland Block where I shall be pleased to greet all, and assure each customer that his work will be done in a first-class manner.

I shall have new equipments and a nice light room which will enable me to do even better work in the future than in the past.

REMEMBER I HONE RAZORS.

Your patronage respectfully solicited.
